

1. Hi

■ ■ *Proof.*

Theorem 1.1. (Fermat's Last) **Conjecture 1.2.**

Proof. I have discovered a truly marvelous proof of this which is too small to fit on my PC.

$$a^2 + b^2 = c^2$$

■

Crowd 1.3. (Crowd) the crowd theorem is crowded, obv.

Proof. by Conjecture 1.2. Trivial. ■
